The following is the Grand Jury's  
final report:

The State of Texas  
County of Medina

To the Honorable K. K. Woodley,  
Judge of the District Court:

We, the Grand Jury for the June  
Term, 1942, of the District Court of  
Medina County, Texas, having inves-  
tigated all matters called to our at-  
tention, and having completed our  
duties, hereby file this, our report  
and request to be discharged.

We return herewith certain in-  
dictments returned in by at least  
nine of our number.

In our investigation of the County  
Jail we find same badly in need  
of being condemned as a jail for the  
reasons that it is not strong enough  
or with proper material in its struc-  
ture to be a place for the safe keep-  
ing of criminals. We have learned  
that only a few days ago a criminal  
easily managed to escape. There-  
fore, we recommend that the Com-  
missioners' Court provide for the  
construction of a new County Jail as  
soon as its finances and the national  
emergency will allow it to be done.

Further, we recommend that in the  
event the acreage lying west of Hon-  
do that belongs to Medina County is  
sold that the proceeds of the sale be  
used for the construction of this new  
County Jail.

Witness our hands at Hondo,  
Texas, this 25th day of June, 1942.

Finger, Herman Ney, Edwin J. Haby  
W. W. Gardner, L. M. Davis, P. C.  
Jagge, R. A. Haby, D. M. Howard  
Adolph H. Ahr, H. F. Buss, and  
George Heiligman.

NEW SERVICE OFFICER FOR  
CHAMBER OF COMMERCE

President Robert L. Kollman of  
the Hondo Chamber of Commerce an-  
nounces the appointment of Mrs. R.  
C. Rath as secretary in charge of  
the Chamber's emergency services.

Among her duties is aiding army per-  
sonnel to locate living quarters in  
Hondo, and as soon as the USO is  
fully organized she will cooperate  
with that organization.

Her office is at the Bob Kollman  
Chevrolet Co. for the time being.  
However, the offer of Mr. James  
Amberson of the Medina Electric  
Cooperative, Inc., to open the office  
in the REA building has been accept-  
ed, and the move to North Front  
Street will be made soon.

## QUIHI NOTES

And Joseph said unto Pharaoh, the  
dream of Pharaoh is one; God hath  
showed Pharaoh what he is about to  
do. Gen. 41:25.

The old family album of Joseph—  
alas, they had none in those days—  
could show a remarkable collection  
of fine pictures from his checkered  
career. Photography was invented  
too late, and priceless treasures, pic-  
tures of faces, occasions, feasts, con-  
ventions, rulers and peoples, are lost  
forever, leaving it to the imagination  
of more or less ingenious artists,  
painters and sculptors, to reproduce  
those ancient items for present day  
eyes. And there your imagination  
and guess is as good as theirs, quite  
often.

That collection, covering Joseph's  
life, could contain a glimpse of the  
youngster, the father's favorite, to-  
gether with his favorite brother Ben-  
jamin; the young man in his gala  
coat of many colors, while envious  
eyes were watching; the young  
dreamer in the midst of bearded  
brothers, relating his various dreams  
with pensive face and wondering  
eyes; the lonely wanderer in quest  
of his shepherd brethren, lost in the  
desert; the lad manhandled by the  
ruffian rowdies, called brothers, and  
put in a waterless pit, while these  
surround it in murderous counsel;  
the weeping and resisting boy, when  
thrust into the hands of those Ish-  
meelitic slave-traders; his arrival on  
the slave-market in Egypt; his new  
position in the house of Potiphar,  
grand and glorious; his manifold stand  
when temptation beckons; his final  
encounter for moral self-defense  
with the mistress of the house; the  
young man with sad and sober re-  
flections, thrown into the filthy dun-  
geon; then advancing to the position  
of trusty with large privileges; now  
the flunky and guard of Pharaoh's  
high officers; finally, as consultant  
and interpreter for these two men;  
and then again forgotten and for-  
lorn, here and there a picture of him  
in prayerful confab with his God,  
always the luster of hope and silent  
content to his eyes. Rare pictures  
these would be for the family album  
of Joseph, with many more to come.

But, unquestionably, the most  
striking picture of Joseph is the one  
in the presence of king Pharaoh. A  
rush order to fetch him. No time to  
explain or be lost in wonderment. He

have our own, and not always en-

hearts of Christians, who, ordinarily,  
love and praise the management of  
their Lord. But it's worthwhile to  
think this matter over from the right  
angle. Whose earth is this, any-  
how? Who owns the fields and  
whatever grows thereupon? What  
do we give in return for what He  
bestows? Under what obligations is  
He to us? How often do we tell  
Him that we appreciate His kind-  
ness? When did our last thanksgiv-  
ing for rain rise unto heaven? How  
often, of late, did we urgently ask  
for rain? If its of little concern to  
us that He should know the status of  
our mind why should He impose Him-  
self on us? Do we still believe that  
He heareth prayer, or do we get  
along without Him? Food for  
thought.

Mr. Edwin Schulte, we found prac-  
tically recovered from his siege of  
dengue fever. A few others went  
through the same ordeal. —Mr.  
John G. Schuehle, we hear, had an  
operation performed on his eyes.  
May it have been successful. —Mr.  
C. H. Fuos is doing nicely these days  
and his many friends are glad with  
him.

Our church choir has changed the  
time for the practice hours from Fri-  
day to Wednesday evening. It will  
permit several members to attend  
regularly. The call goes out for  
more singing members. The voice  
is still God's finest instrument, and  
put into His service, it serves its  
highest purpose. The appeal goes out  
to all singers of our flock, regardless  
of age. Please come and join.

Announcements for July 5: Sunday  
school and Bible class at 9:30, Ger-  
man service at 10:30 A. M. (Observe  
changed time!); the church council  
meets after morning service. For

class at 9:30, English service 10:30

ers meet on that day. "I will hear  
what God the Lord will speak; for he  
will speak peace to his people," says  
the psalmist (Ps. 85:8). Join him,  
and welcome.

## THE UNITED STATES ARMY WELCOME FIRST METHODIST CHURCH R. F. Davis, Pastor

The Methodist Church of Hondo  
extends to the officers, soldiers and  
families, a hearty welcome.

Sunday school at 10 A. M.  
Preaching services 11 A. M. and  
8:30 P. M.

Our church will be open every day  
of the week where you can come to  
read, write letters and play games  
and have good fellowship. We shall  
do our best to make you feel at  
home.

Come and worship with us.

might have refused to come, moping  
in bitterness for all the injustice  
done to him. They might kill him,  
but they could not make him come  
and talk. He could hold king and  
court at his mercy. But he comes.

He could have demanded a speedy  
trial and punishment for those who  
had made his life miserable. Not he.  
He could have insisted on a stern  
reprimand for that forgetful chief-  
butler, before opening his mouth. No  
thought of it. He might, at least,  
have indulged in a little sarcasm, in  
some sneering challenge over against  
those wise cwis of magicians and the  
full dress uniforms and ermine robes  
and bejeweled frames (and the wear-  
ers, now in stupefied awe as to the  
next step), putting on some airs him-  
self. Not so. Or at least he could  
have simulated a little swooning or  
fainting spell or collapse with excite-  
ment. Just to keep the crowd wait-  
ing and get a swell menu for reviving  
and recuperation. No. He is fully  
aware of the momentous hour. The  
hour of his God.

Another picture for the family al-  
bum—the flustered cheeks, the heav-  
ing hearts, the expectant faces. The  
king speaks. Briefly. Brevity is the  
spice of wit, also fundamental  
when His Majesty stoops to speak  
with a convict. "I have heard of  
thee" that thou canst interpret a  
dream. Not I, says Joseph, equally  
brief. God, not I, shall give an an-  
swer, the right interpretation. May  
it mean peace to you! Do you get the  
drift? The king relates his two  
dreams. Everybody knows them by  
heart. Not Joseph. But his answer  
shoots forth: The dream is one; "God  
hath showed Pharaoh what he is  
about to do." Do you get the drift?  
Nolens-volens, whether you admit it  
or not, but there is One higher than  
the king of Egypt. Who rules and  
regulates the destinies of nations and  
individuals, despite your high posi-  
tion, your power and wealth, your  
plans and schemes, despite your ac-  
tions and counter-actions, your seem-  
ing independence and wide latitude  
of control and operations. You are  
in His hands. In the long run He  
will brook no interference. Does  
Pharaoh catch the drift? Do we?

Heat, and more heat. That sun-  
shine is great and needful, but when  
crops burn up and pastures go dry  
and the water supply dwindles, we  
have our own, and not always en-  
couraging, thoughts. More so in the

for rain? If its of little concern to  
us that He should know the status of  
our mind why should He impose Him-  
self on us? Do we still believe that  
He heareth prayer, or do we get  
along without Him? Food for  
thought.

Heat, and more heat. That sun-  
shine is great and needful, but when  
crops burn up and pastures go dry  
and the water supply dwindles, we  
have our own, and not always en-  
couraging, thoughts. More so in the  
face of rising prices in food and  
feed-stuffs. A thick layer of dis-  
satisfaction, then, encrusts even the  
hearts of Christians, who, ordinarily,  
love and praise the management of  
their Lord. But it's worthwhile to  
think this matter over from the right  
angle. Whose earth is this, any-  
how? Who owns the fields and  
whatever grows thereupon? What  
do we give in return for what He  
bestows? Under what obligations is  
He to us? How often do we tell  
Him that we appreciate His kind-  
ness? When did our last thanksgiv-  
ing for rain rise unto heaven? How  
often, of late, did we urgently ask  
for rain? If its of little concern to  
us that He should know the status of  
our mind why should He impose Him-  
self on us? Do we still believe that  
He heareth prayer, or do we get

## MR. POERNER REMINISCES

John Poerner, Paul Keller, and Mr. and Mrs. Pete Huegele motored up from Devine on business Friday of last week. While here, Mr. Poerner paid us his annual business call. Being in a reminiscent mood, he told of the time when where Hondo now stands was wide-open prairie and the only house near was a cabin situated somewhere near where the J. H. Burgin home stands today. It was occupied by the Hutchins family along in the middle and late '70s. In 1876 or '77, Mr. Poerner relates, Joe and Sebastian Wolff and himself were hunting cattle over on the hilly Tehuacana Creek country. While looking around they discovered several mounted men off at some distance and in a direction that placed them where they could be easily cut off from D'Hanis had they attempted to ride that way. When they were discovered by the other party they were startled by a lot of warwhoops and made a hasty run for the Hutchins' home. One of the Wolff brothers was mounted on a slow horse, but nevertheless they soon outran and lost their pursuers after they had been chased a mile or two. After a rest at the Hutchins' home, they made their way cautiously and unmolested back to D'Hanis. When they told their story, the people did not want to believe it was Indians and jested the boys about being frightened by some mischievous cowboys. But that night a number of horses were driven away from near D'Hanis, leaving no doubt that it was Indians on a marauding expedition.

D. G. Reitzer was in town yesterday on one of his infrequent visits and dropped into the print shop to swap chat with the editor about rains, droughts, etc. Mr. Reitzer has long been noted as a successful grower, but this year he reduced his acreage. Despite the unfavorable spring and the dry June, however, he will still make corn enough for his own use. Thirty-eight one-hundredths of an inch of rain fell at his place Thursday. Some of his neighbors got more while others got less.

Corporal Raoul Barrientes arrived home from Fort Benning, Georgia early Saturday morning on a ten day furlough and is visiting his mother Mrs. I. Barrientes. Raoul is connected with the armored tank branch of the service and has earned his Corporal stripes by strict obedience to military regulations and diligent application to duty.

Lieut. John W. Cameron arrived here Friday from Florida, where he has been in an officer's training school. After a few days spent here with his sister, Miss Mary Ruth Cameron, and his parents, Mr. and Mrs. Emmitt Cameron in San Antonio, he left for Morris Field, North Carolina, where he will be connected with the Air Corps.

Mrs. Raymond Schott and her mother, Mrs. Theresa Rihn, Mrs. Willie Wengenroth, and Mrs. Walter Stein and children, Doris and J. C. of Rio Medina were Hondo visitors Friday. Mrs. Rihn coming to consult the doctor about an injury. While here Mrs. Schott was a pleasant caller at this office.

A light rain fell here Wednesday afternoon, freshening vegetation and cooling the atmosphere. It came too late and in insufficient quantity to help the corn crop materially. More rain would be welcome—by all save perhaps those who are breaking their broom corn.

## MOVED INTO NEW QUARTERS

An attractive addition to Hondo's business buildings is the new office building just recently completed by Dr. H. J. Meyer and son, Dr. W. B. Meyer. The structure, 40 x 30 feet inside measurement, is built of D'Hanis tile, stuccoed outside, plastered inside and with hardwood floors throughout. From the large reception room, where one enters the building, three well arranged and modernly equipped offices open, each with its own conveniences. Drs. H. J. and W. B. Meyer are occupying their quarters therein, having moved there from their former offices over the Red and White Store last Friday. A second son, Dr. J. H. Meyer, dentist, now a Lieutenant with the Medical Corps, will also occupy quarters in the building after the conclusion of his services in the army.

The building is located on Dr. H. J. Meyer's homestead property on the corner of Carl Avenue and Hood Avenue, facing east on Hood and almost directly fronting Hondo's firehouse across the street.

## USO DRIVE UNDER WAY

Medina County's quota for the United Service Organizations of the nation is \$1600.00, and Mr. James Amberson is the county chairman appointed to push the drive for funds. Several hundred dollars have already been secured in Hondo, through a softball game sponsored by the Hondo Lions Club, and collection of donations made at a booth placed in front of the Hondo National Bank last Friday. The booth was provided through the cooperation of several business men and the firemen at a meeting at the fire station last Thursday night.

## MARRIED

Mike Dolan and Miss Regina Stanton were married at an early hour Thursday morning, July 2, 1942, at the home of Justice of the Peace Hy. V. Haass, the judge tying the nuptial knot in his usual urbane way.

The young couple were attended by J. R. Farris as best man and Miss Asell Mumme as bridesmaid. They will make their home for the present in Hondo where Mr. Dolan is employed as an electric lineman for the H. B. Zachry Company.

## Washington Snapshots

by JAMES PRESTON

There is a growing conviction among ranking fiscal leaders in both the House and Senate that corporate and individual rates in the new tax bill must be reduced to prevent destruction of the sources of revenue. It is feared that the tax rates proposed by the House Ways and Means Committee might seriously hamper war production by not permitting some companies to retain enough money from their earnings to meet debt obligations, expand plant facilities and provide for a sound financial future.

The tax measure probably will be reported to the House by the Ways and Means Committee about July 1. Well-informed Congressmen say that many members are feeling great concern about the proposed corporate taxes. Many believe that the House committee may modify these rates.

Some influential leaders feel that these changes should be made: Reduce the excess profits levy from 94 to about 90 per cent and possibly as low as 85 per cent; and scale down slightly the tentative normal tax of 24 per cent and the corporate surtax of 16 per cent.

Senator Vandenberg, a member of the Finance Committee, recently asserted: "It is far less important for us to raise an additional one or two billion dollars in taxes than it is for us to preserve functioning economic resources out of which the Government can safely borrow the funds to close the gap in the balance sheet."

Wage controls are still one of the most discussed topics here. The necessity for stabilizing wages to prevent inflation is emphasized by Price Administrator Henderson, who said recently: "We face the basic fact that the war program is cutting down the supply of consumers' goods. At the same time, it is swelling the stream of civilian incomes."

"If wages and other incomes continue to grow at the same rate they have this past year, the pressure of swelling spending power upon the shrinking supply of civilian goods will smash through our price ceiling. I want to say frankly that unless wage rates are stabilized—that is to say, unless wage adjustments are limited to remedying substandard and inequitable conditions—the cost of living cannot be held."

International economy and social organization after the war have been favorite subjects of key Administration spokesmen in statements and addresses both here and in other parts of the country during the last fortnight.

Said Assistant Attorney General Arnold: "The end of the war should bring a boom rather than depression."

From WPB Chairman Nelson came the following significant statement: "For the first time in the history of the human race there can be (after the war) enough of everything to go around."

Observers here are wondering about the recent statement by the War Labor Board in its official publication, VICTORY. The magazine says the Board plans to handle the closed shop issue by requiring maintenance of union membership. This contrasts with statements by WLB Chairman Davis that no rigid policy would be followed; that each case would be handled separately and on its own merits. The executive order creating WLB says that each dispute must be settled on its own merits, and it is believed that this policy will be adhered to despite the official pronouncement.

## ON HONOR ROLL

AUSTIN, Texas, June 28.—Spring fever was no worry for 811 University of Texas students who kept at their books enough to be listed on the honor roll of the College of Arts and Sciences, recently announced by Dean H. T. Parlin.

The honor roll includes the names of about one-tenth of the enrollment of the college—4,518 during the second semester. Upperclassmen are required to maintain a slightly higher average than freshmen in order to be listed.

Among those making the honor roll are Judy Devereaux Lacy and Elmer George Hartmann of Hondo, and Richard W. Hardt of Yancey.

**SCHWEERS FAMILY HOLDS 9TH ANNUAL REUNION**

The ninth annual reunion of the Schweers' family was held at Wernette's Garden, Castroville, on June 21, 1942. The meeting was called to order by E. W. Brucks, the chairman, who occupied a bench most of the time. The invocation was pronounced by Rev. Gus. Muennink in his impressive way. Three babies were christened against the protests of one of them. The sermon delivered by Rev. F. J. Brucks was based on a well chosen passage in the Bible. It was appreciated by all—being timely and well-timed.

An important feature was the lunch hour—each family having its lunch prepared to its own taste—and the rehearsals of old and new family history were greatly enjoyed, and soon the time arrived for the program to be taken up.

After lunch the program was continued. The singing of German hymns led by Prof. W. N. Saathoff was fine and so strong that your reporter was unable to tell whether the piano kept time with it or not. The new arrivals during the year were introduced, as well as the couples newly married, but only one young benedict (a young "Demosthenes") made a speech. The departed dead were remembered by a fitting memorial service conducted by Rev. Fred Brucks.

The business meeting resulted in the election of Emmett Zuercher, Alton Fuos, S. H. Saathoff, all of San Antonio, and W. G. Schweers of Dunlay as directors for the ensuing year. The directors thereupon elected Roy Kothman of San Antonio, as chairman, S. H. Saathoff as vice chairman, and M. F. Schweers of Hondo as Secretary-Treasurer for the year.

After adjournment the children and grownups enjoyed games, races and other entertainment.

**TO LAND LEASORS**

The United States Department of Agriculture, working through the Farm Security Administration, is calling upon land owners who rent land to tenants to help promote production of vital foodstuffs by making long-term leases to low-income renters.

Financial assistance as well as help in planning and carrying out sound farming programs is being extended by Farm Security Administration to low-income families who cannot obtain adequate credit elsewhere.

In most cases where Farm Security Administration makes a loan to a tenant family, their assets are extremely small, according to Jack R. Welhausen, Farm Security Administration rural supervisor for Medina County. For that reason, most loans are payable over a three to five year period, he said, and assurance is necessary that the borrower can remain on the same farm for at least the life of the loan.

Every effort is being made to utilize the man power represented by these low-income families in the war food production program. Mr. Welhausen said, surveys having shown that they can contribute heavily to the necessary supply of vital commodities.

The leases proposed by the USDA are extremely flexible, Mr. Welhausen said. "If a landlord will read one of the leases and permit us to explain the terms, he will find that there is nothing objectionable in them," he said. "The lease can be adjusted to fit almost any situation and is fair and beneficial both to landlord and to tenant. It provides that the tenant shall work the farm properly, and any failure to do so constitutes a breach of contract. It also provides that in case of death of either party the lease may be terminated by the other party at the end of the crop year."

"If a landlord is requested to rent his land to a Farm Security Administration borrower, we would appreciate it if he would give us an opportunity to explain what we can and will do to make a long-term lease beneficial to both parties to the agreement. We need the landlord's cooperation in our efforts to rehabilitate low-income farm families in Medina county and to bring them within American agriculture's war effort."

The Farm Security Administration office is located in the Lenweber Building in Hondo, Texas.

Dr. and Mrs. H. J. Meyer and daughter, Miss Mary Elizabeth Meyer, left Thursday for a few days' visit in Brady. From there they plan to go to Abilene to visit Lieutenant and Mrs. J. H. Meyer and family.

**R. H. POSEY ANNOUNCES FOR STATE LEGISLATURE**

R. H. Posey of Carrizo Springs authorizes the Hondo Anvil Herald to carry his announcement as a candidate for Representative of the 77th District.

Mr. Posey is a native of Tennessee, but has lived in South Texas fifty years and in Dimmit County the past fifteen years, engaged in horticulture, and for the past ten years engaged in the feed business in Carrizo Springs.

While the people of this section know him to the extent that he needs no introduction, he hopes to talk personally with as many of the voters as possible. His policy he states, is "equal rights to all and special privileges to none." He has never been a candidate or held a political office. He is a charter member of the Townsend Club and member of the Red Cross.

In a later communication Mr. Posey said:

"I find since announcing for representative it will be impossible for me to personally contact each voter. My platform, briefly speaking, is equal rights to all, special privileges to none. That is justice. Justice being the foundation to God's throne certainly should be the foundation principles of his creatures."

"I am no politician. I came into this race of my own free will and accord; was not influenced or financed by any special interest. Will not be obligated except to 90 percent of the people who are of my class—just common people and I am one of them."

"One of the main issues that will come before the next Legislature is the clarifying of the pension law, so the old people, 65 years old, who have no income, may get their \$30 per month, and to remove the under-coupling so the needy blind and dependent children for whom the tax law has already provided plenty of money."

"We do not need to vote any more tax bills, but we do need to conserve what we already have and spend it for a just cause."

"I do not believe in taxing the people for chicken suppers for politicians or to kick around our just laws like a football for political purposes. To me a public office is a sacred trust and I pledge my word and honor to labor in that direction."

**TOMATOES—THE VICTORY FOOD SPECIAL**

The season's first heavy supply of tomatoes is being featured in all local stores this week—as a Victory Food Special. Mr. C. M. Merritt, County Agent announced today.

Tomatoes now found in local stores are being shipped in from Texas, Louisiana, Mississippi, Georgia and South Carolina farms and represent one of the finest crops grown in recent years.

"Local merchants are cooperating with the Agricultural Marketing Administration and their trade associations in promoting Victory Food Specials. Because farmers are on an "all-out" war basis, they are producing more food than they ever grew before. Due to super-abundant harvests, or other factors, unusually large supplies become available. These foods must be marketed promptly or be wasted, and in this time of national emergency no food should go to waste. Therefore, such foods are designated as Victory Food Specials, and local homemakers are urged to do their bit in seeing that the food is used to help build a stronger America."

Buy—eat—and serve more tomatoes while local stores are featuring this important vegetable," Mr. Merritt said.

Mrs. N. F. Woods had a letter from her daughter, Mrs. Jack Hartung, this week telling of the cold weather and freeze experienced at Wells, Nevada, last Saturday. Mrs. Hartung recently joined her husband who is in the Air Corps.

E. B. Hathaway and family were here Sunday from Beeville looking over the air field and seeking a location for a daughter who will be one of the civilian employees. Mr. Hathaway is connected with the Beeville Bee-Picayune.

Justice of the Peace Anton F. Haller and Constable Henry Haller were over from Castroville Wednesday on legal business.

**AGGIE COACH ROLLINS IN ARMY**

COLLEGE STATION, June 25.—The Army made another dip into the Texas Aggie coaching staff when J. W. (Dough) Rollins, business manager of athletics, end coach in football and head coach of varsity and freshman track, received orders calling him back to active duty as of July 2 at Camp Hood, Killeen, with the tank destroyer command. Orders informed him that he will hold the rank of captain in the infantry. He will report in Temple July 2.

"Dough" is a World War I veteran having served in the A. E. F. with the 336th Division as a captain in the infantry. As soon as this war was declared he applied for reinstatement of his commission and assignment to active duty. He passed the physical examination early this month and since then has been marking time.

At Camp Hood he will serve under Brig. Gen. A. D. Bruce, U. S. A. former Aggie and classmate of Rollins in 1913-16.

While in the A. E. F. "Dough" played football for the 36th Division team and that team went to the finals which were played in Paris for the championship of the A. E. F.

In 1935 Coach Homer Norton prevailed upon Rollins to come back to A. & M. as end coach and since then he has taken on the added duties of head track coach and business manager of athletics.

Rollins makes the third member of the Aggie staff to volunteer his services and leaves the staff of Norton, Bill James as line coach; Manning Smith as backfield coach; and Trainer Lil Dimmitt to guide the destinies of the 1942 Aggie aggregation.

Norton said that it may be necessary to hire another coach on a temporary basis but that no action will be taken until later in the summer.—San Antonio Express.

Rollins is the son-in-law of Mrs. M. A. Chaney of Hondo, his wife being the former Bessie Mae Chaney.

A round-up of Local, Personal and Business Items gathered weekly by our regular Correspondent

### Miss Josie Rothe

to whom all items intended for this column should be handed not later than Wednesday noon of each week. Miss Rothe is authorized to collect and receipt for money due this paper.

D'HANIS, TEXAS, WEDNESDAY, JULY 1, 1942

Mrs. Quaid Martin had as her guest last week-end her mother, Mrs. Hastings, of San Antonio.

Adeline Wolff left Sunday for San Antonio where she will spend two weeks with relatives.

Mrs. Reily Carle has returned home after a visit with her sister, Mrs. Will Crow, in Houston. She was accompanied by Mr. and Mrs. Francis Carle and baby of San Antonio.

Mr. and Mrs. Donald Kirk have arrived from Ohio and are making their home with her parents, Mr. and Mrs. Frank Huegele. Mr. Kirk is now employed in the Hondo Air Field.

Word has been received from Pvt. Arthur Lutz of his dismissal from the army hospital of Fort Francis E. Warren, Wyoming. He is now in Fort Worth and will soon be stationed at Camp Wolters near Mineral Wells. At Fort Warren he received a certificate as skilled carpenter.

Mrs. Pete Saathoff is recovering from an appendectomy, having returned to her home from Medina Hospital this week.

Mrs. Ben Koch and daughter, Bertha, left last Friday for Oden, Texas, where they attended the funeral of Mrs. Margaret Maas, which took place Saturday morning.

### LITERARY CLUB

Mrs. Frank Hartman was hostess to the Literary Club Friday, June 26 when "Junior Miss", by Sally Benson, was charmingly presented by Mrs. J. P. Ephraim. The review was so realistically given that one could believe the reader to be humorously describing the interesting and delightfully vigorous life of her next-door neighbors, or perhaps, listening to her, you might well remember your own girlhood, and the manner of presentation would have made it even more enjoyable than you had remembered it to be.

"Junior Miss" is the story of two sisters, one still in the in-between world of not a child and not an adult, the other in the fascinating world of thinking she is a grown-up. The situation impelled by this combination make for good reading, and place "Junior Miss" on your must list.

In addition an auxiliary department, to be known as the Garden Department, was initiated with Mrs. Woodrow Glasscock as chairman. This group will meet independently and carry on its particular phase of the club work.

Hereafter the Literary Club will meet on the third Tuesday of each month.

The first draft of the Rules and Regulations of the Literary Club was presented by Mrs. Frank Hartman in the hostess' time last Friday, and they were accepted with few changes.

The next meeting will be at the home of Mrs. Quaid Martin with Mrs. Woodrow Glasscock as the reader for the day.

### A WEEK OF THE WAR

Continued from Page 1 with the current rate of \$3.8 billion a month.

The FBI arrested eight specially trained Nazi saboteurs landed by German submarines at Long Island, N. Y., and at Ponte Vedra Beach, Fla. A number of "contact men" for the saboteurs were also arrested.

Rationing  
The OPA announced that plans for permanent gasoline rationing for the East, effective July 22, provide all passenger car owners are entitled to A books based on 2,880 miles of driving a year and containing six pages of eight coupons each—each coupon worth four gallons. Application for supplemental rations may be filed when motorists register for A books on July 9, 10 and 11. In order to qualify for supplemental B or C books, A motorists must prove occupational driving is in excess of 1,800 miles a year and that he has formed a Car-Sharing Club. S-1 and S-2 books for trucks, taxis, ambulances and Government vehicles will contain 96 and 384 coupons, respectively, each coupon good for five gallons.

Filling stations may give preference to defence workers, trucks and ambulances, after posting notices to that effect, if their supplies are insufficient to meet all demands, OPA ruled. The Office suspended deliveries to 64 filling stations in New York, New Jersey and Pennsylvania,

### LEINWEBER COMMUNITY H. D. CLUB MEETS

Eight members were present when the Leinweber Community Home Demonstration Club met with Miss Velma Hambleton at the home of Mrs. Ernest Duderstadt on June 24, at three o'clock.

The meeting was turned over to Miss Hambleton. She said, "We must try to prevent inflation, for it is one of the greatest enemies among our civilian population in the achievement of victory in war and security in peace." She also gave information on how to get sugar for canning, and demonstrated the making of sugar-less pudding. The pudding was made with marshmallows instead of sugar.

After the meeting the hostess served a very delicious lunch consisting of punch and cookies. The punch was made with honey in place of sugar.

The next meeting will be at the home of Mrs. Ash. Gilliam on July 8.

bringing to 78 the total suspensions for alleged violations of Rationing Regulations. The OGD asked 3,000 Defense Councils in the East to establish machinery for bringing automobile owners together in Car-Sharing Clubs. Tire and tube quotas for July were increased over June to take care of greater wear during the hot summer months.

### Army and Selective Service

The House passed and sent to the Senate the \$42 billion Army Supply Bill for the fiscal year beginning July 1—the largest single appropriation in U. S. history. Services of Supply Commander Somervell said the Army will reach 4,500,000 men by the middle of 1943. The Army food bill in 1943 will be \$1,300 million, he said. Beginning July 1, the CAA will train 13,000 pilots for the Army Air Forces Enlisted Reserve as glider pilots, airline co-pilots, service pilots and pilot instructors. Men between 18 and 37 are eligible. The War Department said the Air Ferrying and the Air Transport operations of the Army will be coordinated into a new Air Transport Command, effective July 1.

Selective Service Headquarters said Local Boards should segregate registrants into four categories and call them to service in the following order: 1. Those without financial dependents; 2. Those with financial dependents other than wives or children; 3. Registrants who married prior to December 8, 1941, and who are maintaining bona fide family relationships; and 4. Registrants who have wives and children, or children only with whom they maintain bona fide family relationships. SS Headquarters said Local Boards will decide on disposition of men who were in process of being inducted at the time the categories were set up.

### Navy Expansion

The Senate passed and sent to the House a Bill authorizing the Navy to increase the size of the U. S. Fleet by 1,900,000 tons at an estimated cost of \$8,500 million. The program will give the Navy a total of 5,650,000 tons of combat ships far in excess of any other Navy in the world. The President signed legislation authorizing a 25 percent increase in pay for Naval Officers assigned to submarine duty and providing a \$5-an-hour bonus for Navy divers engaged in hazardous undertakings.

### The War Front

A European theatre of operations for U. S. Forces was established with Maj. Gen. Dwight D. Eisenhower, formerly Assistant Chief of Staff in charge of the Operations Division, as Commanding General. Headquarters will be in London. Brig. Gen. Hugh Casey of the Army Engineer Corps reported the Allied Works Council and the U. S. Army Engineers in Australia have built 100 military air-dromes, built or improved thousands of miles of strategic roads, and are working on 12,000 separate projects in Australia. U. S. Airmen damaged a Japanese cruiser and sank a transport in Kiska Harbor in the Aleutians. The sinking of 17 more Allied merchant vessels by enemy submarines was announced.

Transportation and Rubber Salvage  
The Office of Defense Transportation established a U. S. Truck Conservation Corps to mobilize the country's 5,000,000 trucks for more efficient war service. The Office said conversion of the trucking industry to a wartime basis is effecting a big saving of rubber and equipment, despite a sharp increase in the volume of business. Railroads in 1941 set an all-time record of ton freight carried and increased circulation of ton-miles of freight carried, and increased circulation of freight cars by 33 percent over 1929. Passenger service of both railroads and buses is about

50 percent greater this year than last, Mr. Eastman said. He requested discontinuance for the duration of all County and State Fairs in order to conserve transport facilities.

President Roosevelt extended until Midnight July 10 the scrap rubber collection campaign because the response was disappointing and yielded only 219,000 tons as of June 27.

### Agriculture

Agriculture Secretary Wickard said the U. S. will have to rely more and more on the contribution small farmers can make toward meeting wartime goals for food production. He said the Agriculture Department is doing everything it can to help such farmers purchase new equipment and stock for expanding crops. The Department estimated the 1942 pig crop at a record total of 105 million head, compared with 85 million head in 1941. Total milk production as of June 1 was more than 3 percent greater than last year. The Department reported almost 12 million persons were employed on farms June 1—more than a million above the May 1 total and 99 percent of the 1910-14 average. Farm wage rates on June 1 were 183 percent of the 1910-14 average.

### LADIES' AID ENJOYED A SOCIAL

The Ladies' Aid Society of Martha met on June 24, 1942, at 3:30 P. M. in the Pous Building.

The meeting was conducted in its regular form.

The following members were appointed to serve on the following committees: Sick committee, Mesdames Mary Halty and Wm. Tschirhart; and Membership committee, Mesdames Hugo Mumme and Fritz Tuepe.

We were happy to have the following visitors in our midst: Mrs. Cora Burrell and Mrs. Darnell. The July hostess will be Mrs. Fritz Tuepe.

After the meeting adjourned the hostess, Mrs. Wm. Tschirhart, served a delicious lunch.

I would like to make a few criticisms.

Our Ladies' Aid reporter is Mrs. Herbert Wurzbach and not our pastor, Rev. Falkenberg. He only conducts the musical and prayer division of our society. The other part of the meeting is conducted by the officers of the society with the members voicing their opinions on the various problems that confront them. Which we all should know, but they are a few people who seem to seek trouble, instead of doing a good deed toward the church and humanity.

While reading this poem ask your self questions pertaining to your self.

The quotations are taken from The Lutheran Caller, Columbus, Texas:

#### THE RULE OF THREE

Three things to govern—temper, tongue, and conduct.

Three things to cultivate—courtesy, affection and gentleness.

Three things to command—thrift, industry and promptness.

Three things to despise—cruelty, arrogance, and ingratitude.

Three things to wish for—health, contentment, and friends.

Three things to admire—dignity, intellectual power, and gracefulness.

Three things to give—alms to the needy, comfort to the sad, and appreciation to the worthy.

What did this poem mean to you? Did you take a little time to ask, "What temper have I?" "Do I control my temper when very angry or really carry on a scandal?" Etc.

Friends, the tongue and jealousy are the root of all evil. The greatest crimes have been committed by these two. If it were not for these two things this world of ours would be a far better place to live in.

We do not stop to put ourselves to a hard stiff test and then can faithfully say, "I was a hundred percent right."

Oh, no! My friend, we are not perfect by far. For example: You want

to have on the latest suit; your wife the newest dress. And should a beggar or any other person come to church clothed in rags or clean, faded clothes, who would be the first ones to stare? Perhaps even go so far as to point at that poor individual who earnestly and sincerely was doing the right thing by coming to church? You know as well as I do who would be doing the staring, etc. Instead, we should make them feel at home, as if we had known them for years as our best friend.

Did Jesus disregard the poor, lonely beggar? Certainly not!

Once not so long ago I heard a man make the remark, "The American people have very little respect for one another." Sorry to say, but it's true. Here again jealousy plays its ruthless part.

May this article be a lesson to us to be more careful in what we undertake and do.

"Let us pray that hate and malice may find no place in our hearts. Hate wrong, resist the aggressor, but keep your soul free from evil, hatred and passion. Amen."—David Nystrom.
